

SMOOTHER STREETS AHEAD

Work is now well underway for the McDugald, Sharon Dr. and Carolyn Ct. reconstruction and improvement project. Several sections have already been completed and are open for use. The newly repaved roads are a clear reflection of the City’s commitment to delivering safer and smoother streets throughout our community. While work is still underway in remaining areas, each milestone brings us closer to the finish line. We sincerely appreciate the patience and support of our residents throughout this process and look forward to celebrating the full completion of these important upgrades in the near future.

ENHANCING SAFETY AT PARKS

Observant park goers may have noticed the new camera system at several City parks. The cameras are intended for your safety and represent a purposeful step forward in enhancing public safety across our city. The cameras provide for real-time monitoring to deter criminal activity, respond quickly to emergencies, and provide a safer environment for our community.

HUMBLE IN BLOOM

Humble’s first Flower Fest, held this past weekend, was a wonderful success and a vibrant celebration for our community. With over 50 vendors in attendance, the festival brought thousands of patrons to Humble. We extend our sincere thanks to our Parks Department for their dedication and care in growing the stunning flowers that made the event so special, as well as to our Civic Center team for their hard work in organizing an outstanding lineup of vendors. Their combined efforts helped make this inaugural event both memorable and meaningful, and we look forward to seeing Flower Fest continue to grow in the years ahead.

SEARCH FOR NEW POLICE CHIEF BEGINS

The City has begun its search for our next Chief of Police, an important step in continuing to ensure the safety and well-being of our community. This position plays a vital role for the City, strengthening community relationships and upholding the highest standards of public safety. We have partnered with the Texas Police Chief’s Association to conduct the search and are confident that we will find a quality candidate.
