

CITY OF HUMBLE

RESOLUTION NO. 26-912

A RESOLUTION OF THE CITY OF HUMBLE, TEXAS ADJUSTING THE CITY OF HUMBLE WATER AND SEWER RATES FOR RESIDENTIAL AND COMMERCIAL CUSTOMERS, SERVICE CHARGES, AND TAP FEES EFFECTIVE OCTOBER 1, 2026.

- WHEREAS, the City of Humble is required to participate in the ground water reduction program as implemented by the Harris Galveston Subsidence District; and
- WHEREAS, accordingly, the City of Humble must receive at minimum thirty percent (60%) of its water from surface water sources and contracts with the City of Houston to provide the surface water; and
- WHEREAS, the City of Houston notified the City of Humble that effective April 1, 2026, it was increasing its water rate by 3.5% to \$4.73 per 1,000 gallons of water received.
- WHEREAS, the City of Humble continues to face increased costs to effectively maintain and operate the water and waste water systems and therefore must increase the existing water rates; and
- WHEREAS, the City of Humble has not increased its tap fees since 2022, and desires to charge tap fees that recuperate the cost of materials, equipment and labor; and
- WHEREAS, the City of Humble desires to implement service related fees associated with the administration of the water utility and water utility billing; and
- WHEREAS, the City of Humble will continue to provide water and sewer service at a substantial discount to senior citizens;
- WHEREAS, the City of Humble has historically maintained healthy fund reserves to construct the necessary capital projects without having to issue debt but has determined that it is in the best interest of sustainability of the Water and Wastewater Fund and thereby the best interest of the City to increase the current water rates for residential and commercial customers; now, therefore
