CRIME CONTINUES DOWNWARD TREND

The significant investment Humble has made in our Police Department over the years in both personnel and equipment/technology is paying off in a big way. Through the 3rd quarter of 2026, overall crime is down 36.2% as compared to the same time span in 2025. Property crimes, i.e. auto theft, burglary of motor vehicle, and burglary, are down 39.3% while persons crimes, i.e. aggravated assault, homicide, robbery, sexual assault, are down 22.4% year-to-date. Additionally, each quarter in 2026 has shown a decline in both property and persons crimes as compared to the prior year – a first since such reporting on statistics has been kept. While the winning formula for success includes strong leadership, a highly motivated department, support from both the mayor, council and community, ultimately, it is the men and women in uniform that deserve most of the credit as the continue to keep our community safe.

NEW AMBULANCE GOES INTO SERVICE

Earlier this month, Humble Fire Rescue put its newest Ambulance, Medic 1, into service. The 2026 Dodge Ram 4500 chassis features a 14' patient compartment built by Frazer, LTD. with ample space for medical care, equipment and supplies. The apparatus includes a Stryker Powerload system that helps personnel safely load and unload patients as well as UV-C decontamination technology, providing an additional layer of disinfection alongside routine cleaning.

The $450,000 ambulance was fully funded by a generous contribution from the Northeast Hospital Authority and is the third such apparatus to be purchased through the city's partnership with the NEHA.
